

# Oceanpower

## High Efficient, High Saving

With new system , Your first best business choice

Model: DW138TC

Precooling

Quick Cooling

Safety Protection

Standby Mode

Low Mix Sensor

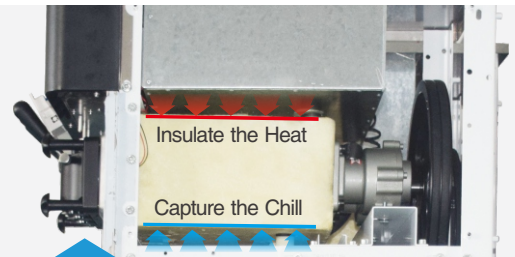

# ADVANTAGES & BENEFITS

## SOFT SERVE FREEZER DW138TC

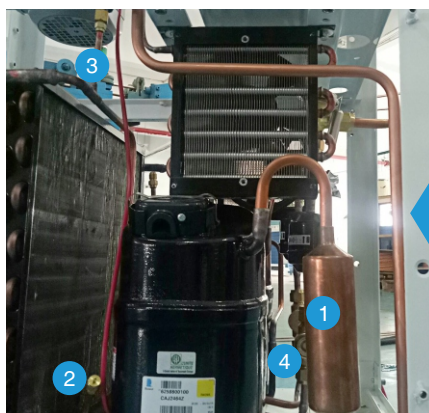

### Functions centralization

A new advanced system enables the operation easier. Be equipped with automatic, cleaning, sleep and other basic operating functions and a variety of alarm prompts. Rebound pistons—control ice cream making speed Automatic handles homing—press the handles and auto return back.

### Foaming integrated

Insulated the heat and trapped the chill, improve efficiency Full & thicker foaming evaporator to ensure perfect refrigeration efficiency.

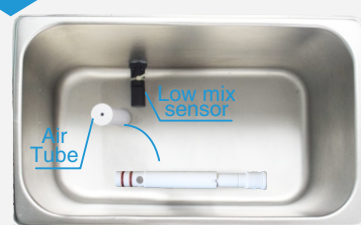

### Cooling System

1. Increase the Gas-liquid separator (reduce the pipeline buffer, improve the cooling efficiency);
2. Increase the high pressure needle valve (detect the high pressure);
3. Increase high pressure switch (protect the compressor and machine under high pressure);
4. Increase the sight glass (observe the cooling condition)

### Mix Low Alarm & Air Tube

Low-mix Alarm is to help remind you of the mix adding; Not only can air tube make the high overrun, but also meet the different requirement;

## TECHNICAL DATA

Model	DW138TC
Flavors	2+1mixed
Capacity	38L/H
Mix Hopper	2*12L
Cylinder	2*2L
Power	2600W
Main Compressor	1.5HP
Standard	Pre-Cooling,Stainless Steel Shell, Automatic Rebound Valve Body,
Options	Air Pump / Gear Pump / Mixture Agitator /Stainless Steel Handle
Cooling System	Air Cooled
Refrigerant	R404A(Standard ) / R448A(Option)
Voltage	220V 50Hz/60Hz
Net / Total Weight (Kg)	170 / 210kg
Dimension(mm)	540 *770*1450mm
