# History

1998 Oceanpower was founded in Shenzhen; our mission is to become the Chinese ice-cream expert.

1998

2003

To improve quality and output, Oceanpower implemented advanced German industrial facilities in powder and machine production.

2007

As the industry leader, we lead the drafting of Chinese National Standards for ice cream machine and ice cream powder. Thus improving the overall industry.

2009

To meet increasing market demands, Oceanpower relocate our production base to Heyuan which vastly increase the output. A speciality team had been implemented to introduce a better quality control system.

2010

Achieved SGS and HACCP Food Security recognition.

2014

Brought in an oversea dairy expert research team to develop a series of ice-cream powder and product certification system.

2017

Begin to produce powder using the Spray Drying Processing, which results in longer shelf-life and finer flavor. A new page has been turned.

Now

We continue to provide the global ice-cream industry and retail clients with consistent, high-quality products. Today, Oceanpower invites you to come create the best customer.
