

Oceanpower

NE1115EL

SOFT SERVE FREEZER

Single Flavor, Countertop, Intelligent Control

FEATURES

Quick Freezing and Big Output

- With a new revolutionary TITAN™ freezing cylinder and the brilliant 1.5HP Embraco compressor, the first dispense requires only 8 - 10 minutes and 30 portions (60g/portion) can be dispensed continuously.

Bottom-Up-Tech™

- The independent pre-cooling chamber beneath will keep your mixture chill and fresh.
- Automatic mixture agitation will ensure your products' consistency before freezing.
- The adjustable peristaltic mix pump will produce a stable ice-cream overrun between 30% - 60%.

Intelligent Control System A.A.T.I.S™

- A.A.T.I.S is a user-friendly control system, it will monitor overall machine performance and log unexpected deviations for easy maintenance.
- Enable custom setting such as product viscosity, freezing temperature and product counts for smart business owners.

Thawing Function

- NE1115EL are equipped with a thawing function, which can heat the cylinder to cut the cleaning time by HALF. Also, will heat-up the cylinder in the unlikely event of a cylinder froze.

New Stainless Steel Beater with Retract Action

- The newly added retract action will create a full cycle of mixture movement inside the cylinder, this will ensure optimal ice-cream consistency and minimize waste.

New Vertical Ventilation System

- Ensure maximum space utilization and machine performance.

Quiet Inverter Technology

- Smooth start-up and reboot, quiet operation; prolonged machine life.
- Operation noise between 60 - 70 decibel.

SPECIFICATIONS

Flavors	Single
Capacity	30L/H
Power	1900W
Voltage	220V 50/60HZ
Compressor	1.5HP
Cylinder	1*2.5L
Exhaust Direction	Vertical
Cooling	Air Cooled
Refrigeration	R404A
Overrun	30%-60%
Weight	121KG
Dimension	810*380*920mm
Pre-cooling	✓
Stainless Steel Shell	✓
Touch Screen	✓
Peristaltic Mix Pump	✓
